Making Good.

There is no way of making lasting friends like "Making Good," and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, nervousness, dizziness, fainting, nausea, coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It is an honest, square-deal, medicine with all its ingredients printed on bottle wrapper—no secret, no homeopathic humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for women's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve medicine it is unequalled. It won't satisfy those who want "booster," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much imitated but never equalled.

MURDERED BY HIS SON.

As was stated in the Gazette, George Edward Sterry, aged 72 years, president of the Weaver & Sterry Company, wholesale druggists, in New York, a director of Princeton Theological Seminary, an elder of the Fourth Avenue Presbyterian Church, of New York, and a millionaire, was shot and killed at noon yesterday as he sat before his desk in his private office on Pine street. His murderer was his second son, George E. Sterry, aged 40 years and married, the secretary of the drug company.

After shooting his father the son walked to a chair a few feet away, spread a newspaper on his lap and then fired a bullet into his own brain at almost the exact spot where he had shot his father.

The elder Sterry was to have been married to Miss Rachael Briggs Blake, a schoolteacher of East Orange, and 40 years his junior. It was his son's objection to this marriage, shared in to some extent by his brothers, which led to yesterday's tragedy, as was shown conclusively by a letter written, presumably, at his desk in the office adjoining his father's a short time before the crime and found afterward in the murderer's pocket.

George Sterry had been drinking heavily of late, so heavily, in fact, that the father had been forced to go around to some of the neighboring cafes and asked as a favor to him that they refuse to extend George any credit.

The following is an extract from the letter found in the latter's pocket: "I took a solemn oath to myself that my father should never disgrace the memory of my sainted mother. There is not a taint of selfishness in me, and had my father engaged himself to a lady of mature age I would not, and certainly none of my brothers would not, have done else than bid him good luck and earnestly trust that he would live forever. I always desired a long and happy life for my 'old man'—a term which I frequently and affectionately used toward him."

RIOTING IN CLEVELAND.

Rioting became general and serious in the street railway strike in Cleveland, Ohio, yesterday. The first death, while not a part of the strike, but incident to it, occurred when Yetta Wolinski, four years of age, was run over by a car operated by an inexperienced motorman. The child's head was severed from her body. By mistake two morguekeepers had been called. When their dead wagons arrived one took the girl's head and the other her body. The frantic parents of the girl, excitedly trying to obtain possession of the several parts of the body, inflamed the mob spirit and more serious trouble was narrowly averted by the police. A crowd quickly gathered and would have lynched the motorman had he not turned on full speed and escaped.

In Lakewood a car was stopped and the crew fired upon. Four persons were shot and seriously injured and the car was burned to the tracks.

The burning of a Clifton boulevard car in Lakewood was the most serious riot of the strike, which is now four days old. The car was going toward the western terminal when it was stopped by a log being thrown across the tracks. As soon as the car stopped it was surrounded by a crowd of rioters, who were hidden behind a railway bridge. Immediately the crowd began shooting at the members of the crew and guards. The latter returned the fire. All told, over 30 shots were exchanged.

While the shooting was in progress the crowd grew to nearly a thousand. Another car arrived and its crew and guards joined in the free-for-all fight. Gasoline was poured upon the second car, and it burned to the tracks.

TO DIE FROM RABIES.

Knowing he must die from hydrophobia within three days, although he was never bitten by a dog, William H. Marsh, a wealthy resident of Brooklyn, is arranging his affairs at his home.

Mr. Marsh learned Monday at the Pasteur Institute that his end was near. At that time, as now, there was nothing about his appearance to indicate to the layman that Mr. Marsh was suffering from the dread disease.

"How long do you give me to live?" he asked the doctors.

"Not long," said one of them, "probably four days."

After thanking the physicians for their efforts in his behalf Mr. Marsh quietly departed. No one who saw him would have suspected that the Brooklynite was about to prepare for his death.

A week ago Mr. Marsh began to suffer from a nervous twitching of his lips and his throat also seemed slightly paralyzed. He had studied medicine at one time and the idea finally came to him that he had hydrophobia. But without effect.

Six weeks ago a pet dog owned by Mr. Marsh's daughter was bitten by a mad Kennedy's Laxative Cough Syrup does not constitute, but on the other hand its laxative principles gently move the bowels. Children like it. Sold by W. F. Creighton & Co.

A Hardwood Floor of any Color

You may Choose for \$2.50

Floors which are in too poor condition to be improved with varnish alone can be made to imitate a genuine hardwood floor with this new patented Graining System.

This process does not require the services of a professional wood finisher.

The Graining Tool takes the place of skill and can be successfully used by the inexperienced man or woman, thus making it possible for any one at a very slight expense to enjoy the luxury of a new hardwood floor.

This Graining Compound, when protected by one or two coats of Chi-Namel produces a surface that will outwear any ordinary varnished floor, many times over.

Hundreds of people will come to our store this week to see
